

Happiest Hounds Dog Training Sunday mornings 10:30 am at The Nigel Poulton Community Hall

Modern puppy training classes teaching owners how to educate their puppies in a kind, fair and effective way, to listen, be well behaved, come back when called and walk nicely on the lead as well as many other exercises including confidence building and self-control games. The 7 session course is based on 'The Life Skills for Puppies' best-selling book (which is provided to owners). Classes are taught by **Louise Bater** BSc (hons), a fully assessed member of the Association of Pet Dog Trainers and a registered Animal Training Instructor with the Animal Behaviour & Training Council. All classes are family friendly and have a maximum of just 4 puppies per class to give owners lots of 1:1 attention and to tailor the training to meet each puppy's individual needs.

Happiest Hounds also offer **private puppy** courses held in your own home over 5 separate sessions and private sessions and classes for **adult dogs**.
