 Mr. Poulton's nomination for District Councillor for the Watton-at-Stone Ward was uncontested and therefore he has been re-elected.

5 Introduction to Police Inspector Diane Wilson

Due to unforeseen circumstances, Police Inspector Diane Wilson was unable to be introduced the Parish Council.

6 Report on policing matters

PCSO Weston reported on policing matters.

The crime figures from 1st January 2007 to 31st March 2007 are very similar to those reported last year.

- 1st January 2006 to 31st March 2006 108 crimes reported 26 detected
- 1st January 2007 to 31st March 2007 110 crimes reported 28 detected.

The Neighbourhood Watch scheme is continuing to work well. PCSO Weston thanked Mrs. McCash for her continuing commitment to the scheme.

Distraction burglaries continue to be a problem, especially to the elderly who open doors to people they don't know and leave windows and doors unlatched in the warmer weather allowing the opportunist intruder to enter.

PCSO Weston and Mrs. McCash to put a notice in the Parish News re how to avoid distraction burglaries.

Action: PCSO Weston/H. McCash

Watton Youth Drop Inn is now in its second week. Approximately 20 youths attended the first week.

The Ladies toilet door at the Community Hall has been damaged. PCSO Weston said that the police intend to fit a temporary CCTV camera for three months over the summer period.

The Parish Council asked PCSO Weston for an increased police presence during the summer school-holidays. Mr. Poulton also requested a meeting with Police Inspector Diane Wilson on or before the Parish Council meeting in July. PCSO Weston agreed to arrange this.

Action: PCSO Weston/N. Poulton

Prior to leaving the meeting, PCSO Weston said that he really appreciated the good working relationship between the police and the Watton-at-Stone Parish Council.

7 Presentation by the Football Section of the Sports and Social Club

Prior to the meeting, all Parish Councillors were given a hardcopy of the Sports and Social Club's presentation regarding additional football facilities on the sportsfield, which all (except Mrs. McCash) viewed prior to the start of the Parish Council meeting held on 14th March 2007.

Mr. Poulton said that during their meeting on 13th April, the Trustees had discussed the various proposals made by the Sports and Social Club and favoured Option A.

Mr. Willis and Mr. Knight answered questions about the proposals.

The Sports and Social Club has raised just over £50,000 towards the project.

The proposals for improved facilities include:

- An all-weather surface
(Not to be confused with the two existing tennis courts [MPPA] and proposed additional tennis court.)
- Three additional football pitches, namely, one mini, one junior, one youth football-pitch.
- Additional parking adjacent to the church car park.

After discussion, Parish Councillors agreed that the Sports and Social Club be informed that Option A is preferred because it has the least visual/noise impact and would minimize the use of additional Glebe land.

Mr. Knight said that the additional tennis court may need to have its orientation changed by 90% to accommodate the Sports and Social Club proposal for additional football facilities.

Mr. Knight and Mr. Poulton to meet with Alistair Woodgate, the St. Albans Diocesan Surveyor, to discuss the proposals.

Action: I. Knight/N. Poulton

Mr. Knight to arrange the meeting.

Action: I. Knight

Mr. Willis said that the next step is to have a land survey done to determine the levels and the earth movements necessary. Any work would be done during the Winter season to minimize any disruption to the Cricket Club.

Mr. Willis left the meeting.

9 Planning

a) Applications

i) 16 Moorymead Close (3/06/2274/LB/SD)

Garage conversion to habitable room

Mr. Knight visited the neighbouring resident at 17 Moorymead Close, who objected strongly to the application as do other neighbors’ in the vicinity.

Parish Councillors looked at the plans and agreed to write to East Herts Council informing them that the Parish Council objects to the above application for the following reasons.

- It is an over-development of site.
- The development would ultimately lead to an increase in on-street parking. **Action: J. Allsop**

After much discussion, it was agreed that the Parish Council remains very concerned about the continuing trend to convert garages into living space and should therefore react (wherever possible) to similar applications in the same manner as we have done with this application.

Mr. Poulton read out the following letter, dated 13th March, from Vince Gilbert, Head of Hertfordshire Highways.

'Re: Condition of School Lane in Watton-at-Stone

Thank you for your letter dated 28th February 2007 on behalf of your constituents about the condition of School Lane. I have now received a report from the local area office on the impending planned maintenance works at School Lane.

I am pleased to let you know that School Lane is included in the 2007/08 Footway Surfacing Works Programme. As you can appreciate the new footway surfacing will provide significant benefit for parents and children getting to and from school. Furthermore, I expect the work to be carried out during the school holidays to minimise inconvenience to the local community.

In the meantime any arising potholes requiring urgent attention can be reported on our telephone fault line on 01438 737320 or by logging on to the web on www.hertsdirect.org/highwaysfaults. The fault will then be made safe within the prescribed 24 hour period.

I trust that the above is helpful and deals with your enquiry.'

11 Reports

a) Sub-Committees

Budget & Finance

Mr. Filer reported on the following items concerning the Budget and Finance Sub-Committee.

- **12-monthly statement of accounts for the Parish Council and Community Hall**

The bank statements for the Parish Council and Community Hall, showing the year-end figures on 31st March 2007, have not yet been received from Alliance and Leicester. Therefore the Clerk has been unable to complete the 12-monthly statement of accounts.

Mr. Filer said that a meeting of the Budget and Finance Sub-Committee will need to be held before the Annual Parish Meeting in May to approve the 12-monthly statement of accounts for the Parish Council and Community Hall. Also, to approve the summary 12-monthly statement of accounts so they can be presented during the Annual Parish Meeting in May.

The Clerk to e-mail all Parish Councillors with possible dates for a meeting of the Budget and Finance Sub-Committee.

Action: J. Allsop

- **Summary 12-monthly statement of accounts for the year ended 2006/07**

See item above.

- **Internal and external audit of Parish Council and Community Hall accounts**

The following re-appointments were made.

- Mr. Jim Morrissey to carry-out the internal audit of the Parish Council accounts.
- McCash and Hay to carry-out the audit for the Community Hall accounts.

The Clerk to act accordingly.

Action: J. Allsop

- **Insurance premiums for 2006/07**

The revised insurance schedules have not been received from Alliance Cornhill.

- **Investment in COIF Funds**

Mr. Filer said that he was given the wrong information about the COIF Charity Funds. The Parish Council is not eligible for a deposit account because it is not a charity or a Parochial Church Council. However, the Community Hall Trustees are eligible to have a deposit account with the COIF Charity Funds.

Mr. Filer suggested that because the main assets are held with the Community Hall Trustees, the Parish Council does not need such a high level of funds on deposit and that its deposit account could therefore be closed and £7,500 of Parish Council funds transferred into the Community Hall account. Discussion then took place on how much money the Parish Council needs to hold in reserve in case of emergencies. Mrs. McCash said that it was her understanding that once funds had been transferred to the Community Hall Trustees it would not be possible to transfer them back to the Parish Council. Mrs. McCash agreed to speak to a contact she has at Longmores Solicitors in Hertford for confirmation on the liability of such a transaction.

Action: H. McCash

Community Hall Trustees

Mr. Poulton reported on the following items concerning the Community Hall Trustees.

- **Verbal report on meeting held on 10th April 2007**

- **Main Hall Line-Marking**

Mr. Poulton had spoken with the Wodson Park contractors about lifting all the line-markings in the Main Hall and re-laying the Badminton court white-lining only.

He was told that the solvent used to remove the residue of glue left by the line-marking causes the surface to soften and would ultimately damage it. Wodson Park contractors have advised that the Badminton court be re-lined over the existing markings and the existing yellow-lining should be left untouched.

Mr. Meischke said he had also spoken to Tim Ellis, who had confirmed that the type of substance that would be used to remove the residue of glue would damage the floor.

- **External Doors to the Community Hall**

Brian Bunyan has made repairs to the external door in the Pavilion (the door is so heavy that extra assistance was needed to take it off its hinges for repair). Mr. Bunyan has altered the top and bottom stops on both doors so it now opens more easily. However, the door is distorted in shape but hopefully the repair work will last a couple of years.

The external door on the car-park side of the building needs repairing because it does not close properly. David Bunyan to be asked to do this work.

Action: J. Meischke

- **Hire Charges for Watton Youth Drop Inn**

The Watton Youth Drop Inn now wishes to hire the Main Hall and the Pavilion facilities, and change its booking from Tuesday to Wednesday night.

Mr. Poulton (as Treasurer of the Watton Youth Drop Inn) took no part in the following discussions.

Dave Boddy is the only other hirer who hires both facilities. When he started using the facilities in 2003, he negotiated a 25% discount on the hire charges, plus the 10% discount for three-month payment in advance.

After discussion, the Trustees agreed that this type of discount could not be given to the Watton Youth Drop Inn and all hirers should be treated fairly.

As a result, it was agreed to write to Dave Boddy advising him that there had been a review of the charging arrangements for the Community Hall and its facilities and that our charge to him would be increased by £3.60 per week as from 1st July.

Action: D. Stock/J. Allsop

This means that Dave Boddy is being charged at the parishioners hiring rate less 10% discount for block booking.

- **Acoustics in the Main Hall**

Mrs. McCash had been unable to make contact with the person she hoped would provide a cheap solution to the acoustics problem.

The Trustees recommendation was that the Parish Council does not pursue this item at the present time. Parish Councillors agreed.

Recreation & Amenities

Mr. Knight reported on the following item concerning the Recreation and Amenities Sub-Committee.

- **Additional tennis court**

Mr. Knight said that we had received the archaeological report from Essex County Council, a copy of which is to be placed on circulation. **Action: I. Knight**

Mr. Knight is in discussion with Alison Tinniswood (County Archaeologist) and Susie Defoe (East Herts Council's planning department) about the submission of a planning application and any implications regarding changing the orientation of the court by 90% to accommodate the Sports and Social Club proposal for additional football facilities on the sportsfield.

Environment

In the absence of Mrs. Dinnin, Mr. Poulton reported on the following items concerning the Environment Sub-Committee.

- **Trees on the Lammas**

Adam Welch has done the work required to the two Willow trees and has submitted his invoice of £740, which has been paid.

Mrs. Dinnin spoke to Ian Davies (Environment Agency) on 6th April regarding the fallen Willow tree across the River Beane on the Lammas. She was informed that the tree would be removed within the next 7 to 10 days and that Ian Davies would e-mail Christopher Mellish (of 4 The Beaneside) to keep him informed of the situation because the top part of the tree has been lying in his garden for approximately six months.

Mr. Knight to obtain, in writing, the responsibilities of the Riparian owner regarding blockages caused by fallen trees. **Action: I. Knight**

- **Cottage Site**

Mrs. Dinnin spoke to Tony Bradford who has now completed this year's work on the Cottage Site. There are some logs stacked on site that will be removed during the winter because he does not have enough room to store them at present. As recommended by Forestry Commission, some large branches have been left on the ground. Mr. Bradford will check the site for re-growth during the summer and put up rabbit guards if necessary.

He will meet with Parish Councillors in September 2007 to discuss the hedge laying for the road frontage of the Cottage Site. He did not do any work on the bushes etc. nearest to the road, but will check this area and tidy if necessary. Mrs. Dinnin told him about the logs near Mr. Filer's house and he will probably take these in the winter.

Mrs. Dinnin has written on behalf of the Parish Council thanking Mr. Bradford and his friends for the work they have done on the Cottage Site.

- **Wotton green – clearance of woodland area**

Mr. Filer said that Ted Brown had almost completed this work.

This item to remain on the agenda until complete.

Agenda: 05/07

- **Dog-waste bin for Wotton Green**

Wybone Limited supply East Herts Council with dog-waste bins. The Clerk contacted Wybone Limited who said that the post mounted style dog-waste bin they supply to East Herts Council is ref WDB/CH60. The bin is the same colouring as our existing bins, i.e. red and black.

The costings for the bin, which all exclude VAT, are as follows.

- £141.46 = dog-waste bin
- £40.19 = Post
- £64.71 = anchor kit
- £15.70 = postage

Because we obtained their name from East Herts Council, Wybone Limited has agreed an additional 15% discount.

It was agreed to purchase the dog-waste bin only.

Action: J. Allsop

Mr. Smith agreed to supply a post, anchor it to the ground and install the dog-waste bin. **Action: M. Smith**

- **Bridge over the Lammas**

Mr. Smith said that the bridge over the ditch at Lammas that allows him to take vehicles onto the green for grass cutting purposes etc, needs repairing. He agreed to supply a quotation. **Action: M. Smith**

This item to be placed on the agenda for the Parish Council meeting in May.

Agenda: 05.07

- **Dead badger on the Lammas bank**

Mrs. McCash said that a member of public had reported that there was a dead badger on the Lammas bank. Because badgers are a health hazard, it was agreed that the carcass had to be removed as soon as possible. Mrs. McCash to ask Fred Burnell to remove the carcass. **Action: H. McCash**

- **Strimming work on Parish Council land at Rivershill**
Mr. Poulton said that the annual strimming-work on the Parish Council land at Rivershill is now due.
It was agreed to ask Tim Clark, if he is available, to do the work again this year. **Action: C. Clark**
