Mr. Poulton asked Mr. Filer to report on the meeting.

Mr. Filer said that David Beales (Director of Planning) and Harvey Fairbrass (Chief Planner) of EHDC had been present at the meeting. A planning strategy is being developed for Watton-at-Stone and various sites were identified. Mr. Filer said that they (i.e. Mr. Filer, Mr. Poulton and Mrs. Dinnin) had indicated that they would show a preference to the HCC land between the railway line and Glebe Close, and the HCC depot land between Hazeldell and Moorymead Close. However, they made it clear that they opposed any further development in the village, but if one had to go ahead, either of these could be the preferred site.

Mrs. Dinnin said that there was a possible encroachment of the pavement into the road at Longmeadow (former Watton garage site). Also, the recently-built garage at Perrywood Lane had been made of wood, and not brick, with a tiled roof.

There is no further progress on proposals to develop the yard at Perrywood Lane.

Mr. Filer said that the meeting had been very open. It was agreed that another would take place in the future.

Mr. Stock felt very concerned that the village continues to expand in terms of housing but not in terms of facilities available to its inhabitants. He said that this must be addressed before any further development is agreed.

Mrs. McCash said that facilities at the doctors' surgery and the school may need to be increased. Mr. Knight said that the Parish Council ought to formulate a strategy for the village before increased housing be proposed. It was agreed that the Parish Council must discuss this at a special meeting i.e. development would be the only item on the agenda. The outcome of this meeting shall be communicated to the planners at EHDC. A date for the meeting will be arranged as soon as the District Plan goes out for public consultation.

Mr. Poulton said that Mr. Knight had produced a copy of the Ashwell Village Statement. Mr. Knight suggested that Watton-at-Stone could produce something similar to this for the village. This item to be placed on circulation.

Mr. Poulton said that 4 panes of glass are broken in the red listed phone-box in the High Street. This has been reported to British Telecom.

Mrs. McCash said that the door to the telephone box at the Station Road/Glebe Close junction had been removed. It is currently being stored in the garage at 2 Glebe Close. British Telecom to be contacted accordingly.

Action: J. Allsop

d) Three Valley Water trenches

Mr. Stock had verified that repair work had been done in Hazeldell as promised. Refer to item 2b, Review of Actions - Inspect Hazeldell to determine whether or not the Three Valleys Water repairs have been completed (on page 1 of these minutes).

Mr. Filer said that he had spoken to Three Valleys Water informing them that not all the trench work problems had been rectified. JBS, the contractors who carried-out the original work for Three Valleys Water, agreed to inspect and carry-out the work required. Mr. Filer said that all the work required had now been carried-out satisfactorily.

e) Fir trees at Great Innings Play area

Mr. Poulton reported that EHDC had cut back the lower branches of the fir trees to a height of 1 metre above ground level, as requested by the Parish Council.

f) Salt bins

Due to the recent snow and frosty weather, all the salt bins in the village are empty (except for a small amount remaining in the Moorymead Close bin).

Due to problems arising from this, Mr. Poulton, Mr. Stock and Mr. Meischke had already discussed this subject prior to the meeting.

Mr. Poulton then reminded the meeting of the Parish Council's responsibility for the salt bins in the village. At the end of 1997 the Parish Council was informed that, due to severe pressure on its budget, HCC had agreed to the removal of all salt bins. However, they were willing for the Parish Council to take over the responsibility of the salt bins. Although the bins would be given free of charge, their maintenance and the provision of salt would be the responsibility of the Parish Council. The Parish Council provide a public service by making the salt bins and salt available for use by the general public only. Because of legal implications, no Parish Councillor or Parish Council employees are allowed to spread salt on the highways or footpaths within the village.

The legal implications of the Parish Council continuing to maintain the salt bins and provide salt were discussed in detail. Mr. Poulton said that the Clerk had extracted the Parish Council minutes relating to salt bins from September 1997 to September 1999. The Clerk to copy all Parish Councillors with the minute extracts.

Action: J. Allsop

Mr. Poulton then read out the following, which was sent by the National Association of Local Councils to the Hertfordshire Association of Local Councils (on 7th October 1997).

1. That if the Parish Council only provides bins and salt there is no legal liability.
2. If, in addition, they employ workers to spread the salt, they could be liable if either they were negligent in the way they carried out the work or, within the confines of the arrangements, failed to spread salt when necessary.

A lengthy debate took place and it was unanimously agreed that the Parish Council should continue this service to the village, with best endeavour, and fill and maintain the salt bins.

The Clerk to order rock salt and then ask Jeff Skidmore to fill all the salt bins in the village. **Action: J. Allsop**

g) Wooden footbridge over River Beane at southern-end of village (adjacent to Watton Nursery)

Mr. Poulton said that the wooden footbridge is still dangerously slippery.

It was agreed that the Clerk contact Ron Jack (EH Highways Partnership) to identify the HCC department responsible for the footbridge and then contact them accordingly.

Action: J. Allsop

This item to remain on the agenda until it is resolved.

h) Dog-fouling on footpaths

Mrs. Davies said that she had been approached by parents at the Watton-at-Stone Primary School re dog-fouling on the section of footpath 17 that runs between Rectory Lane and Glebe Close. One or two dogs are regularly fouling this footpath, which is resulting in children stepping in the deposits and transporting them into school and to their homes. Mrs. Davies had asked the parents to report the owners of the offending dogs to the Dog Warden at EHDC.

Mrs. McCash said that she had the name and address of an owner whose dog was repeatedly fouling. It was agreed that these details be given, in writing, to Mike Abbey (Dog Warden at EHDC).

Action: H. McCash/J. Allsop

It was agreed to write to Chris Cantes (Headteacher at Watton-at-Stone Primary School) stating the Parish Council's concerns about dog-fouling and asking if the name and address of the Dog Warden can be advertised in the next school newsletter and asking parents who see dogs offending to 'name and shame' the owners into stopping the habit. Also asking the school if they would agree to the Dog Warden making another visit.

Action: C. Clark

i) Meeting dates in 2001/2002

It was agreed that, starting from May 2001, the monthly Parish Council meetings shall take place on the last Wednesday of each month, with the exception of December (which will be held on the third Wednesday of that month).

Mr. Poulton therefore proposed that the following dates be set for Parish Council meetings to be held in the new civic year.

- 30th May 2001
- 27th June 2001
- 25th July 2001
- 26th September 2001
- 31st October 2001
- 28th November 2001
- 19th December 2001
- 30th January 2002

Action: J. Allsop

j) Donation towards Rev. Brian Gwinn's retirement present

Mr. Poulton said that the Rev Brian Gwinn would be holding his last service as Parish Priest in Watton-at-Stone on 21st January 2001. The Parish Council does not normally give donations towards retirement presents. However, because of his successful work within the community Mr. Poulton and Mr. Stock agreed to seek permission of half of the Parish Councillors for a donation of £25. This permission was received and the donation was given accordingly.

This action was agreed by the Parish Council.

k) Ornate Village Sign

The Watton-at-Stone Millennium Mayfayre committee has had difficulty in finding a project on which to spend the proceeds of the Millennium May Fayre. Mr. Poulton's suggestion of an ornate village sign (similar to the one installed at Datchworth Green) met with their approval. The plan is to install the sign at the southern-end of the High Street on the grass verge adjacent to the bench seat.

Mr. Poulton read a letter from Mrs. Beavan, Secretary to the Millennium Mayfayre & Truck Pull committee, (dated 16th January) as follows.

'The Millennium Mayfayre committee are planning to purchase a village sign which will be similar to the village sign in Datchworth. We hope that the sign will be erected on the grass area opposite the War Memorial on the right hand side of the road as you enter the village.

We therefore would like to ask the Parish Council if you would apply for permission to erect the sign on our behalf. Also would the Parish Council be willing to maintain the sign once it has been erected?

I look forward to your reply concerning this matter.'

Mr. Poulton said that a letter had already been sent to EH Highways Partnership asking for permission to erect the sign. He then read out their reply (dated 16th January).

'Thank you for your letter of 10th January 2001 concerning the above.

The Highways Authority has no objection to your proposals.'

All Parish Councillors agreed to the erection of the proposed sign. It was unanimously agreed that the Parish Council maintains and insures the sign once it has been erected. A letter to be sent to the EHDC Planning Department asking if the Parish Council requires planning permission for the proposed sign.

Letters to be sent to EHDC and to the Watton-at-Stone Millennium Mayfayre committee accordingly.

1) Report on outcome of OFSTED report at Watton Primary School

Mr. Clark said that the OFSTED report had been received. The report shows that Watton Primary School has done reasonably well on the teaching side, although the management and organizational side of the school are well below standard. All parents have been copied with the report. A meeting has been arranged for 22nd January for parents to discuss the report with members of the teaching staff, Board of Governors and a representative of OFSTED. The school has 40 days to develop an action plan for approval by OFSTED.

Mr. Clark to provide a copy of the OFSTED report for circulation.

Mr. Clark to inform the Parish Council of the parent's comments on the OFSTED report and outline the proposed action plan.

- **9 - monthly statement of accounts**

All Parish Councillors had been copied with the 9-monthly statement of accounts for the period ending the 31st December 2000.

Mrs. McCash said that whilst taking into account the additional spending agreed in the year, the 9-monthly statement shows that Parish Council spending is in-line with the budgeted figures.

Community Hall Trustees

Mr. Poulton reported on the following items concerning the Community Hall Trustees.

- **Leaking guttering**

Mr. Meischke said that he would inspect the guttering when the weather is dry.

- **Floodlighting meter**

Mr. Meischke reported that the floodlighting coin-meter is faulty. He has had to visit the Community Hall on numerous evenings over the last few weeks to enable users of the MPPA to use the floodlighting facilities.

Mr. Meischke said that because the meter would need to be returned to the manufacturers for repair (leaving the floodlighting system inoperable) he had instructed the Clerk to establish the cost of a replacement meter (which is £148.64, including VAT and carriage). Because the manufacturer, Muller Control Systems, would not accept an order without prior payment, and the expected delivery time given was 4 weeks, permission to purchase a replacement meter was obtained from five members of the Parish Council. The meter has now been ordered.

Mr. Meischke to fit the meter when it has been received and return the faulty meter for repair. The repaired meter will be retained as a spare.

- **Footpath over railway bridge at Station Road**

- **Lammas**

Mr. Dunhill said that MAFF had returned the claim form for the year 1999/2000 (ending 30th September 2000), because of an error in the details. He has now rectified this error and returned the form to MAFF. MAFF pointed out that the Parish Council had not claimed for the hedging plants planted in 1998/1999. This has now been included in the claim for 1999/2000.

The derogation order requested from the FRCA (to permit the chemical spraying to be carried-out in late spring 2001) has still not been received. Mr. Dunhill to chase.

‘Conifer trees at Willowdene along Mill Lane, Watton-at-Stone

I refer to your correspondence of 31st October and 18th December. I gather that the trees are obstructing the footpath to the Scout Hut. I confirm that there is no objection to trimming these trees, on the edge of

the Conservation Area to facilitate footpath use. If however further tree surgery is advocated I would be grateful for a written application specifying details for MR Kitchen of GBS Estates.'

A copy of this letter has been sent to GBS Estates asking them to arrange for their contractor to carry out the work required as soon as possible.

b) SLCC - Annual renewal of membership

It was agreed that the Society of Local Council Clerks (SLCC) provides the Parish Council with useful information on changes in legislation, e.g. changes in accounting practices.

Mrs. McCash proposed that the SLCC annual membership of £48 be paid. Mrs. Davies seconded the motion and all present were in favour. The Clerk to act accordingly. **Action: J. Allsop**

She introduced herself as the Community Safety Co-ordinator for East Herts Division, a new and exciting post created to improve two-way communications between East Herts Police, the Parish and Town Councils and the various Watch Schemes across the Division. It is her job to ensure relevant information is passed to us in a timely and concise manner, and as a new member of the team she will need our support. East Herts Safety Partnership has provided funding for the provision of an e-mailer personal communication centre to those Parish and Town Councils who do not have access to an e-mail facility, and ask us to state whether or not we require this facility.

Mr. Poulton read out a letter from Chauffeur Line, based at the Warrenwood Industrial Estate in Stapleford (dated 10th January). They inform us that, under the government's Rural Transport Initiative, we will soon receive limited funding for a rural transport system. They offer their coach and taxi/chauffeur services to enable us to set up our own rural transport link to enable villagers increased access to larger towns, services, leisure facilities and national transport links.

It as agreed by all Parish Councillors that we should wait until the Parish Council has been informed about what funding is available for a Rural Transport Initiative before the matter is discussed further. 7 Reports from other Organisations

- **Watton-at-Stone Conservation Society**

Mr. Stock said that during its recent meeting, the Conservation Society had expressed great concern about the removal of the re-cycling facility from Watton Primary School. Mr. Stock explained the history of the site to them and the sequence of events that led to the current situation. He also told them that EHDC had rejected the idea of the facility being relocated to the Great Innings Estate and that Major Shepherd had shown an interest in the facility being located at Watton Nursery (provided he can obtain the consent of the Abel Smith Estate).

The Conservation Society wish to pursue this matter further, with a view to retaining the current recycling facility at the school. Mr. Stock informed them that the efforts of the Parish Council and our District Councillor had failed to achieve this and suggested that, sadly, their representations would fall on deaf ears.

- **Sport & Social Club**

Mr. Poulton told Mr. Knight that Mrs. Bewley, who cleans the Community Hall building, is having constant problems with the dirty state of the away-team changing rooms. He asked Mr. Knight to instruct the Football Club to address this problem.
