However, for the time being Town and Parish Councillors should continue with the present system until notified otherwise.

3 Specific Items

a) Playground equipment

Mrs. Davies reported that Mr. Poulton, Mr. Meischke and she had a site meeting with Wicksteed Leisure today. Wicksteed Leisure are concerned about the safety of their mini-digger whilst left on site. Mr. Poulton said that it might be possible for it to be housed at Glebe Court, which is currently having refurbishments carried-out.

Wicksteed Leisure said that the work will take approximately three weeks to complete and have given the 19th November as a possible start date.

Mr. Poulton said that in February this year we ordered four swing-seats from Wicksteed Leisure and requested that they inspect the see-saw and fit a longer shaft to rectify the clearance problem caused by the uneven safety-surface. Wicksteed Leisure never acknowledged this order. Mr. Poulton said that we should write to them again asking for them to supply the seats and carry-out the work on the see-saw whilst installing the new play equipment. This was agreed.

The Clerk to act accordingly.

b) Policing issues

Mr. Poulton said that five children had been arrested recently in the village. Three of these have had written warnings sent to their parents. The other two are being formally charged for their offences.

One male youth who caused damage on the allotments had been made to do community work, which entailed digging on the allotments. Another male youth had been made to repaint the cable box (on the Hockerill slope) that he defaced with graffiti.

Mr. Poulton said that he met with Police on Friday 2nd November to discuss the current policing issues in the village and will be meeting them again on Friday 9th November.

The Police have asked to attend the Parish Council meeting to be held on 5th December at 7.00 pm.

Mr. Stock said that we had still not received a response from WAGN to our letter of 8th October requesting the name and contact address of our new Group Station Manager and expressing our concerns about the platform-speakers at Watton-at-Stone Station.

There are two possible options available to the Parish Council. We either deliver them ourselves or ask the PCC to deliver the guides together with the Watton-at-Stone Parish News.

It was agreed to ask the PCC if they would be willing to carry-out the delivery for a fee.

Mr. Knight to act accordingly.

Action: I. Knight

f) **Skate board ramps**

Mr. Poulton said that one of the problems in the village is a lack of things to occupy our youth. He spoke to PC Ivens on the subject and also to children and parents. It was suggested that a large amount of soil be dumped at the top corner of the sportsfield (on the side nearest to the old Rectory) and then shaped into skate board ramps by the parents and children.

Parish Councillors agreed to this suggestion. Also, if problems occur the soil could be removed from the site. Mr. Colin Straker (Chairman, Sports & Social Club) has agreed to help. Mr. Poulton and Mr. Meischke said that they would be present whilst the skate ramps were constructed. **Action: N. Poulton/J. Meischke**

'Thank you for your letter dated the 11th October concerning rabbits on the Lammas. I had recalled that the Parish Council had appointed Mr. Adams of 4 Glebe Close to undertake the rabbit control in the vicinity of the Lammas. However, I have to say that the proof of the pudding is in the eating and there is an excess of rabbits in that area and thus I ask that the efforts be stepped up to control them. I put the Parish Council on warning that any loss of corps arising from the failure to control rabbits will result in my making a claim.

You allege that there are rabbits on other areas of land e.g. the land off Mill Lane behind the Scout Hut. For me, rabbit control is an ongoing programme which we undertake with regularity and I would be grateful if the Parish Council could follow this route in this respect.'

We have recently had the play ground inspected by RoSPA as part of our annual inspection program. At the time of the inspection our Officer, Mr. Waldock, specifically highlighted your concerns regarding the surfacing. The RoSPA inspector stated that he did not consider that there was an issue regarding the surfacing and is comfortable with the situation he saw.
