**Single-storey conservatory**

Mr. Dunhill visited the neighbouring residents and they had no objections to the application. He therefore instructed the Clerk to write to the Planning Department stating that the Parish Council had no comment on this application.

Parish Councillors looked at the plans and agreed with the decision.

**ii) Land at Lamp Post 37, Ware Road**

10 metre high street light replacement mast with 3 no. integral omni-directional antennas,  
2 no. equipment cabinets and 1 no. link cabinet

Mr. Poulton e-mailed all Parish Councillors with the details of the above applications.

Because he received no objections, he instructed the Clerk to write to the Planning Department stating that the Parish Council had no comment on this application.

Parish Councillors looked at the plans and agreed with the decision.

**iii) 22 Hockerill**

Change of use of amenity land to residential

Mr. Poulton said that the original application for change of use of amenity land to residential was refused by EHDC in April 2004. Those plans showed part of the amenity land being used as a parking bay. However, the new application shows that the parking bay has been formed in the existing land belonging to 22 Hockerill.

Parish Councillors looked at the plans and agreed to write to EHDC informing them that the Parish Council has no comment on this application. **Action: J. Allsop**

Mr. Poulton took no part in this decision.

**7 Specific Items**

**a) Ornate village sign**

Mr. Stock said that he and Mrs. Dinnin met with Mr. Mould to inspect the Ornate Village sign, which has now had all its paintwork removed (apart from the lettering “Watton-at-Stone”, which remains black). Mr. Stock said that although the standard of carving is very high, Mr. Mould had used an inferior type of hardwood on the centre panel because he thought the sign was to be painted.

Because of the use of a lower quality wood than was originally specified Mr. Stock and Mrs. Dinnin decided that there was no doubt that the sign needed to have “colour-wash” finish. This involves colour tinting the varnish. Mr. Stock said that although this was a “salvage scheme”, he was confident that the end result would very acceptable (unlike the painted version!).

Mr. Stock has agreed a fixed price of £488 for the paint stripping and colour-tinting work (this is within the estimated cost of the “salvage scheme”).

Mr. Poulton and Mrs. Dinnin to collect sign when the work has been completed.

**Action: C. Dinnin/N. Poulton**

Mr. Stanley to be asked to contact Mr. Poulton about the installation of the post for the sign.

Mr. Poulton said that the Countryside Development Agency is running a seminar, from 1000 to 1300 on 23<sup>rd</sup> June, aimed at improving village life. He said that he would be attending the meeting and asked Parish Councillors to contact him if they wished to join him.

**c) Ted and Rose Brown’s – holiday dates**

Ted and Rose Brown will be on holiday from 26th June to 3rd July 2004.

Mr. Poulton said that he would not be able to cover all the cleaning and litterpicking duties himself.

However he would do as much as he could.

**Action: N. Poulton**

**d) Skateboarding facilities for the village and response to advertisement in Parish News**

Mr. Poulton said that despite the perceived need for skateboarding facilities, he was disappointed that there was only one response to our request for help in providing them. Mr. and Mrs. Smith (17 High Street) wrote to say that, because their sons are very keen on the provision of a skate park in the village, they would be willing to be part of a development committee.

Mr. Poulton then read out an undated letter from Masters Michael Jolley and Nick Smith, who said that Urban Ramps can provide a skate ramp that they would like for the village.

Mr. Poulton said that he contacted Mr. Scott, of Urban Ramps, who informed him that the ramp described is 3’ high, 8’ wide and 26’ in length and costs £6250 including delivery. He wrote to Masters Jolley and Smith giving them the ramp details and informing them that an area needs to be found to place this equipment on, and a rough estimate of the cost of a base is in the region of £2500. He also told them that the Parish Council has placed an article in Parish News to see if any adults would come forward to help in raising the money for this equipment and find a suitable site within the village.

Parish Councillors agreed that if we are unable to obtain active support from members of the public, the Parish Council could not pursue the matter further.

After discussion, the following was agreed:

- A notice be placed in the Parish News to say that the Parish Council was disappointed with the lack of response and asking anyone who is willing to help to contact the Clerk. In the absence of active support from members of the Parish, the Parish Council cannot pursue this matter further. (Refer to item 11, Items for Parish News on page 11 of these minutes)
- A letter to be sent to Mr. and Mrs. Smith informing them of the current situation and asking them to encourage more parents to come forward.

**Action: D. Stock**

**e) Issuing of copies of Parish Council minutes to organisations and members of the public**

Mr. Poulton said that two village organisations (i.e. the Watton-at-Stone Conservation Society and the Watton-at-Stone Allotment and Garden Association) had requested monthly copies of the Parish Council minutes.

It was agreed that photocopies of the minutes be issued after they have been approved by the Parish Council and signed by Chairman/Vice-chairman.

## f) Investigate situation on school's request for a community project for the children to be involved in

Mr. Poulton said that he was disappointed that we had not heard from the school about developing the land around the village pump as a community project for the children to be involved in. Mr. Dunhill said that the Conservation Society had also offered funds towards this project.

It was agreed that Mr. Clark be asked to contact the school for an update on the current situation regarding a school community project and report back to the Parish Council at its meeting on 14<sup>th</sup> July 2004.

**Action: J. Allsop/C. Clark**

## 8 Reports

### a) Sub-Committees

#### Budget & Finance

- Letter from Mr. Smith, Public Sector and Community Development Manager (South), Co-operative Bank (dated 21st May)
- Letter from Mr. Filer (dated 26<sup>th</sup> May) to Mr. Smith of the Co-operative Bank.

Copies of these letters are attached to these minutes.

**See attached**

Mr. Poulton thanked Mr. Filer for the work he had done.

Mr. Filer proposed that we set up an overdraft facility for both the Parish Council and Community Hall accounts, so that if we go overdrawn again in the future, we would only be charged interest on the overdrawn amount without incurring a daily unauthorised-overdraft fee. Mr. Poulton seconded the motion and all present were in favour.

**Action: J. Allsop**

After discussion, it was also agreed to write to Dave Tweedie [Assistant Director (Financial Services) at EHDC] informing him that a total of 12 days had elapsed between the date EHDC sent the precept cheque to the Co-operative Bank and its receipt, and as a result of this our account went into unauthorised overdraft. To avoid such problems in the future, Mr. Tweedie to be asked if it would be possible for precept payments to be made into our account via a BACS transfer (rather than a cheque in the post).

**Action: D. Filer**

After discussion, it was agreed that we write to the Co-operative Bank querying the time taken between EHDC sending the cheque to them and its receipt.

- **Annual Return and Audit of the Parish Council accounts for the year ended 31st March 2004**

Mr. Filer said that Mr. Morrissey completed, signed and dated (7<sup>th</sup> June 2004) sections 1 and 4 of the Annual Return for the year ended 31<sup>st</sup> March 2004 (all Parish Councillors have been given a copy of the completed Annual Return).

Mr. Filer proposed that the accounts, detailed in section 1, and the Statement of Assurance, detailed in section 2 of the Annual Return, be approved by the Parish Council and that the Chairman and the Clerk sign the Annual Return. Mr. Knight seconded the motion and all present were in favour.

**Action: J. Allsop**

- **Approval of the Community Hall accounts for the year ended 31st March 2004**

Prior to the meeting, all Parish Councillors were given a copy of the first draft of the Watton-at-Stone Community Hall accounts as prepared by McCash and Hay. McCash and Hay required clarification as to why no expenditure for insurance occurs in this year. The Clerk explained to them that the insurance payment for the year 1<sup>st</sup> April 2003 to 31<sup>st</sup> March 2004 was made before the 31<sup>st</sup> March 2003 and that this year the insurance payment had been made on the 1<sup>st</sup> April 2004.

McCash and Hay have now issued a final income and expenditure account for the year ended 31<sup>st</sup> March 2004 and all Parish Councillors present were given a copy of the accounts.

Mr. Filer proposed that Mr. Poulton sign two copies of the audited accounts for the Watton-at-Stone Community Hall. Mr. Knight seconded the motion and all present were in favour.

Also asking them not to leave their equipment in the changing rooms, because these are used by other hirers during the week and we will not be held responsible for any items that go missing.

**Action: I. Knight**

- **Vandalism to outside Gents toilet-door**

Mr. Poulton said that on 10<sup>th</sup> May someone had used a sharp object to damage the outside Gents toilet-door. They had managed to carve out a section of the framework and enlarged the hole where the old lock used to be. Mr. Meischke has fitted a plate over the holes in the door.

Mr. Poulton said that he will paint the framework.

**Action: N. Poulton**

Mr. Filer asked the Clerk to speak to Mr. Stanley again to check if he had done the work. **Action: J. Allsop**

**'Parish Council Web site**

This Council would very much like to have a Web Site to show minutes, agendas, press releases, contact details etc.

We are currently seeking advice from East Herts District Council and are finding them very helpful.

They have suggested that it may be an idea if there were a single Web site, which they would help set up, for a group of Parish Councils and then people who visit it could click on to the Parish they want and all the details of that Parish would come up.

If we shared the cost it would be much cheaper and of course we could visit each others part of the site and see what we were all doing.

It is early days and we are not seeking to commit you but I have been asked to write to 6 neighbouring East Herts Parishes to seek your views.

If you are at all interested please could you let me know sooner than later.'

**f) HCC – School Lane j/w Old School Orchard – Traffic Matters**

Mr. Poulton read out the following letter (dated 27<sup>th</sup> May) from Hertfordshire Highways.

**Re: School Lane j/w Old School Orchard, Watton-at-Stone – Traffic Matters**

Thank you for your letter dated 20<sup>th</sup> May 2004 regarding the above.

Nigel Poulton had made me aware of the recent incident and Mr. Phillip’s concerns regarding vehicle speeds.

It has been added to the list of outstanding parish matters. I had stated that the programme is full until October 2004, however, I will try and look at this problem and advise you of my findings.’

**g) North West Essex and East Herts preservation Association (Working Group) – Stop Stansted Expansion**

North West Essex and East Herts Preservation Association has written (letter dated 1<sup>st</sup> June) asking for financial support in its ongoing campaign to stop the expansion of Stansted Airport.

Mr. Poulton said that he had contacted the solicitor at East Herts District Council, who advised him that it would be inappropriate to give Parish Council funds to a pressure group such as Stop Stansted Expansion.

It was agreed that, regardless of the views of individual Parish Councillors, we will not become involved and therefore no action will be taken.

**h) E-mail from Monty Northcott, 11 Watton House re Traffic-calming**

Mr. Poulton said that he, in his capacity as a District Councillor, had received the following e-mail on 3<sup>rd</sup> June (which was also copied to the Parish Council).

‘An accident is waiting to happen in Watton-at-Stone village due to the fast driving of cars through the village and elderly people needing to cross the road by the super market and post office. Please consider speed bumps/sleeping policeman or road signs on the road surface like Stapleford and Waterford. As you have some authority in the county, you will know where to place this request so that it gets some serious consideration. Thank you, Monty Northcott, 11 Watton House.’

Mr. Poulton said that he had written to Val Weaver at Hertfordshire Highways (as a District Councillor) asking her to investigate the problem.

Parish Councillors discussed the issue of speeding in the village and the positive effect that electronic speed-warning signs have in Stapleford. Mr. Poulton explained that it is not possible to have electronic speed-warning signs on the southern stretch of the High Street because there is not enough straight road for them to be activated.

It was agreed to wait for Val Weaver’s response to this problem and place this item on the agenda for the Parish Council meeting to be held on 14<sup>th</sup> July 2004.

**Agenda: 07.04**

**i) Mr. B. Clarke re Frogmore Hall**

Mr. Poulton read out a letter, dated 10<sup>th</sup> June, from Mr. Clark (of 6 The Beaneside) regarding the current sale of Frogmore Hall. Mr. Clark suggests that a charity event should be arranged at Frogmore Hall (which has recently been fully restored) to allow members of the public to look at the building before it is let or sold. A suitable weekend would be during National Heritage week, which is in September.

After discussion, it was agreed that Mr. Poulton contact the agents to see if the buildings and grounds could be made available for a fund raising event for the village. It was also agreed to write to the National Trust informing them that Frogmore Hall is currently for sale and giving them the name of the agent.

**j) Mr. A. Rattue**

Mr. Poulton read out a letter (dated 2<sup>nd</sup> June) from Mr. Alan Rattue about problems concerning the dangerous behaviour of some young cyclist in the village.

Parish Councillors discussed the contents of the letter and agreed to give Mr. Rattue copies of any minutes, taken in the past twelve months, which highlight the problem regarding dangerous cycling in the village.

• **Watton-at-Stone Sports and Social Club**

Mr. Knight said that the Sports and Social Club plans for the Mill Lane project are moving forward. The lease agreement, between Mr. Abel Smith and the Sports and Social Club for the land at Mill Lane, is being finalised. Mr. Dunhill showed Parish Councillors the architect’s drawing for the project.

Mr. Stock suggested that these plans be put on circulation so that Parish Councillors can make comments if need be. He felt that it is important that the Parish Council should be aware of, and therefore be able to comment on/support the project at an early stage.

The plans to be placed on circulation and Parish Councillors were asked to make comment on them.

**Action: J. Allsop**

Mr. Knight said that the sporting facilities at Mill Lane are complementary to those at the sportsfield and are mainly aimed at the Youth Football sector. He said that the sportsfield would remain a major focal point for adult football.

To date, the Sports and Social Club has raised over £12,000 towards the Youth Football Development Centre. Further funds will be raised during the Fun Day on 25<sup>th</sup> July 2004.

The MPPA is remaining locked during the week, but remains open during the weekend. It was agreed that the MPPA now be left unlocked for a trial period before the start of the summer holidays.

The MPPA to be placed on the agenda for the Parish Council meeting to be held on 14<sup>th</sup> July, so a full assessment of the situation can be given.

Mr. Poulton commented that the cost of cleaning has greatly reduced since Rose Brown had started providing her cleaning service at the Community Hall. Mr. Poulton has spoken to her about the hours she is putting on her time sheet and she said that they are what it actually takes her to do the work.

It was noted that the number of hours required may increase during the winter.

Mr. Knight proposed that accounts be paid, Mr. Filer seconded the motion and all present were in favour.
